

Napier Miles Secondary

Earth Class – Term 1

Maths

This term we will be working on :

Measure: Capacity

Number: Calculation and counting

PSHE

We follow the ASDAN New Horizons course, we will be learning about:

Our likes and dislikes and leisure facilities.

English

To tie in with our Edison topic about Out of This World we will be looking at different non-fiction books. We will investigate some different planet names, colours and habitats. We will look at planet Earth and the different habitats here and investigate Bristol.

Topic

This term we are covering the topic Out of this World, this includes:

Science — Investigate condensation and evaporation, rocks and soils and day and night.

Geography— Look at the environment on some planets compare very cold and very hot and environments.

History — Investigate animals that used to live on Earth.

Art and DT— Make papier mach planets, make a clay moon surface. Make a planet Neptune from ice, sand and rock.

Wow days/ school visits

Trips to different places within our Bristol community.
