Capacity, Position & Direction

Money, coins, 1p, 2p, 5p, 10p

Patterns watching patterns and shapes and creating our patterns.

Design & Art

Make our own planet, choosing its shape, colour, is it hot?, or maybe windy?.

How an alien looks like? We will create our alien using our imagination.

PE

Learning different sports, basketball, football and tennis.

Topic

This term we are covering the topic of 'Out of this world' we will be travelling to the space to discover new forms of life and we will try to know more about our solar system. This includes:

Science - We will do science experiments with baking soda and vinegar and we will build our own rocket and we design our own space clothes.

History & Geography - Rocket will find out how different planets looks like, and we will know more about the first time that humans landed on the moon.

Art & DT- We will design our own planet and our own rocket class galaxy.

English

Language and communication - Individual speech & language targets, listen to a sensory stories and recall some words related with our topic such as Space, Moon, Sun or Mars. Describing objects using adjectives

Makaton -

Learning new Makaton signs related with our topic and with other topics as Snack time or colours.

Reading/Listening- Using new words Reinforcement/reading comprehension.

Out of this world

Wow days/ school visits:

Showcasing our Art creation to other classes.

PHSE

Thinking about feelings, happy, sad, angry, tired and scared.

How we can be kind, how we can be a good friend, how we can be a good astronaut.
