

Rocket Class - Term 4 Topic Plan 2020-21

Maths

Number – Counting using numicon and games (individual and groups).

Choosing number songs board.

Shape – Pupil will explore different shapes as Square, circle and triangle.

Big/tiny: Pupils will find out about tiny and big concept.

Long/short and up/down.

Design & Art

We will base our art works in our topic books as the tiny seed and we will create our own landscapes, desert, grass, ocean, snow.

PE

We will continue learning about different ways of moving along the gym, walking, running, jumping and we will pay attention to the words, go and stop.

Topic

This term 4 Rocket class is going to study how different living beings (plants, insects and people) grow and make changes along this process.

This includes:

Science – We will find out how to plant a seed and all the conditions that a seed needs to grow strong and healthy, sun, water, soil.

We will study the metamorphosis of a caterpillar, reading the very well know book, the very hungry caterpillar.

Finally we will know more about changes in our bodies when we are growing, baby, child, teenager, adult and old person.

Growing, plants, insects, people

English

Language and communication – Individual speech & language targets, listen to a sensory stories and recall some words related with our topic.

Phonic sessions:

Makaton –

Learning new Makaton signs related with our topic stories.

Colourful semantics: Using this method to improve reading and writing skills as well as social skills.

ICW's words– Information carrying words allow students to improve his listening skills.

Wow days/ school visits:

Showcasing our Art creation to other classes and families using our padlet class.

PHSE

Thinking about feelings, happy, sad, angry, tired and scared.

How we can be kind, how we can be a good friend.

How we can be a good inventor or creator.
