

Post 16 - Term 5 Topic Plan 2020-21

Maths

Using money to exchange for items in a Post 16 café. Sorting things into group information such as recycling (glass, paper card etc.), washing (whites, coloured clothes, etc).

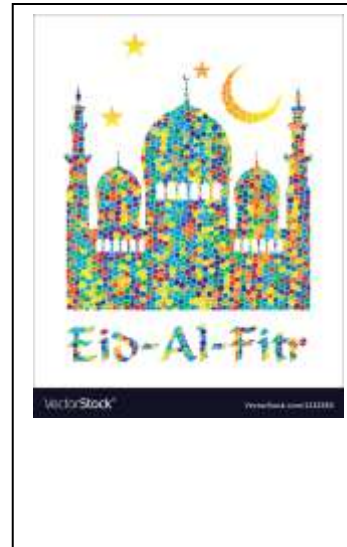

Sequencing things that might happen in a day or a week. Sequencing lifeskills tasks such as washing, teeth-brushing etc.)

English

Describing photos of ourselves and friends undertaking different tasks, using symbols and words. We will also be undertaking some research about a famous person of our choice and research some information about them.

Art & celebrations

We will be discussing and deciding which materials to use to make a collage. We will be investigating St. George's Day and Eid AL Fitr. We will be experiencing different sensory stimulus and using the outdoor areas of the school, including the outdoor gym and Forest school areas.

Experiencing Games

We will be focussing on 'Dodge ball'. We will initially be sitting and passing a ball to each other using our hands and feet. We will progress to using numerous sized balls and standing and moving.

Independent Living - Health & hygiene

We will be looking at the job of a hairdresser and using some tools that they need. We will be washing wigs and brushing the hair. We will be investigating different jobs of people that help us to keep healthy and clean, such as a dentist and a doctor.

Alongside, we will be having sensory experiences and using the different areas of the school every week.
