

# Moon Class – Term 5 Curriculum

## English

We are reading stories linked to the seaside e.g. the ocean, pirates, treasure hunting, holidays! We are also writing descriptive sentences and telling stories! We are also using lots of roleplay – e.g. booking into a hotel for a holiday! We are continuing to read with adults 1-1 and also working on CVC words and phonics. We are working on letter formation, writing our names and using adjectives in our speech and writing.

We are working on our communication targets throughout the curriculum, with support from Sam, our speech and language therapist!

## Maths

We are continuing to learn about numbers including counting, number formation, number recognition, solving number problems using addition and subtraction, all linked to our topic – e.g. adding fish, estimating number of shells etc.

We are also learning about shapes and will be using ICT to explore pictures with shapes e.g. Microsoft paint. We will learn about some new 3D shapes this term!

## PE

PE sessions are led by Dec, a Bristol Bears coach! We are also continuing to use the amazing outdoor gym!

We are continuing to playing a number of active games linked to 'The Seaside' e.g. Watch out for the shark!

Finally, we are attending cycling sessions once per week!

## Expressive Arts and Design

We are acting out scenes at the seaside e.g. pirate attacks!

We are also using various building resources to design and create our ships, shells and fossils!

In Music we are exploring volume and pace are linking this to sounds of the ocean!

We are also learning through play, the class love challenges using Lego or playdough! We are exploring seaside objects e.g. shells and using these creatively.

We are also using paint and sand to create seaside scenes! We are creating our own treasure maps too and exploring how we can make these look more real!

## Science + Humanities

Geography – We are learning about features of the beach and about rocks. We will also learn about seaside animals and rock pools!

History – We will have lots of fun learning about pirates and the history of the seaside – looking at beach images from the Victorian times and discussing differences and similarities.

Science – We will explore different materials and their properties e.g. sink or float, and will link to a recycling focus. We also have regular Science experiments during our bucket sessions.

## Other Events

We continue to celebrating each other's birthdays, and now have Show and Tell available every afternoon!

## PSHE

We will be continuing our work around staying safe in the community and will be exploring relationships.

Check out the class Padlet for activities to do at home!
