

# Moon Class – Term 6 – A Starry Night

## English

We are reading facts about famous artists and looking closely at the impact that pictures in story books have. We are also continuing to write descriptive sentences working at our different phonics phases. We are working on letter formation, writing our names and using adjectives in our speech and writing. We are reading to adults almost every morning in the Music Park, making the most out of the sunshine!

We are working on our communication targets throughout the curriculum, with support from Sam, our speech and language therapist!

## PE

PE sessions are led by Dec, a Bristol Bears coach! We are also continuing to use the amazing outdoor gym!

Dec is leading sessions on 'ball skills' and 'team games'.

We are continuing to playing a number of active games outdoors and may even have an occasional water fight!

## Other Events

We continue to celebrating each other's birthdays, and have Show and Tell available every afternoon! We will have lots of fun activities to celebrate the end of the school year too!

## Maths

We are continuing to learn about numbers including counting, number formation, number recognition, solving number problems, using addition and subtraction, linked to our topic – e.g. counting stars

We are also learning about time – lengths of time, measuring time and telling the time!

## Expressive Arts and Design

We are exploring the use of paint and different methods of applying paint! We will try to make our own 'starry night' paintings which will be fun!

We are acting out scenes related to space e.g. being astronauts!

We are also using various building resources to design and create tall buildings like the tower in the famous painting!

We are also learning through play, the class love challenges using Lego or play dough! We are exploring seaside objects e.g. shells and using these creatively.

## Science + Humanities

Geography – We will learn about other European countries, including key facts, where they are and their flags!

History – We are learning about the 19<sup>th</sup> century, discussing similarities and differences, and will look at how Art has developed through time.

Science – We are learning about Space and light. We will investigate how light travels and play games involving blindfolds! We are also learning about night and day as well as having regular Science experiments during our bucket sessions.

**PSHE:** We will be continuing to learn about our bodies and privacy. We will also have some fun with using one ear/one eye/one hand linked to Van Gogh

Check out the class Padlet for regular photos of what we've been up to!
