

Otter Class - Term 4 Overview 2021-22

Maths

The class will continue looking at the maths and how it is used in real-life ways, this term we are counting coins and using estimates, we will also be counting everyday items i.e. cooking ingredients

English

English will include speaking and listening opportunities every day.

The group will practice key individual written language practice, such as personal addresses, this term we will look into different forms of entertainment and planning events we will be making invitations and writing lists and planning events.

Art

We will be having Art in class this term. Our topic is gardening activities so our project for the term is to design and make a paper Mache bird house and to make miniature gardens from items found in the meadow.

Newsround

Within these sessions the students will work as a whole class, looking at, describing, discussing and giving opinions about photos and short videos they are shown about local to global events.

Forest School

Term 4 we will have Kelly for forest school on a Wednesday afternoon.

Gym and the SI space

A chance to work on the big physical movements (Gross motor skills) and build up co-ordination and confidence. The SI space provides a sensory outlet and supports self-regulation. This term we will focus on trampolining and be using the outdoor trampolines and practise some simple moves.

Independent Living-Cooking

Friday morning will involve planning and preparing a meal. We will be focusing on our chopping and grating skills and exploring new herbs and spices.

The students will also take part in cleaning from washing up to sweeping the floor and using the washing machine.

Useful websites that are stimulating

<https://www.topmarks.co.uk/> Great for some learning online games in maths and English
